DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-4 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Re claim 1, the limitation "checking the status" in pages 10, lines 5 should be changed to "checking a status". There is insufficient antecedent basis for this limitation in the claim.

Re claim 4, the limitation "checking the status" in pages 12, lines 5 should be changed to "checking a status".

Also, the limitation "said status" in pages 12, lines 9 is indefinite because there are two statuses in the claim, which status indicates to point out and distinctly limitation the subject matter.

There is insufficient antecedent basis for this limitation in the claim.
